# Ordering vaccines

- Login to the web based online vaccine ordering system at [nsw.csldirect.com.au](http://nsw.csldirect.com.au) using your practice login

The screenshot shows the login page for the NSW Vaccine Centre. At the top, the text "NSW Vaccine Centre" is displayed in large red font, with the phone number "1300 656 132" below it. To the right is the NSW Government Health logo. A grey "Login" button is on the left. A green breadcrumb trail reads "Home > Online Ordering System Login". The main heading is "Online Ordering System Login". Below this are fields for "username:" and "password:", each with a text input box. A "LOGIN" button is positioned below the password field. At the bottom, there are links for "Forgot password?" and "Click here to register".

## Boostrix

Boostrix vaccine is now provided free to all pregnant women in their third trimester (preferably at 28 weeks gestation). To place your order, click on routine vaccines.

## Data loggers

Providers are required to monitor vaccine fridges via a practice data logger and download the data weekly, so cold chain breaches can be appropriately assessed to reduce the potential for vaccine wastage. Bar fridges must not be used for vaccine storage.

## No jab no pay

Commonwealth catch up vaccines for young persons 10-19 years of age are now available.

## Influenza

Orders for 2016 influenza vaccine can now be placed however please to do not place a second order until you have received the first order in your practice.

## Distribution of influenza vaccine will commence after Easter.

If you have ordered more doses than the maximum you will be presented with a check box that displays the maximum doses for that vaccine. Clicking on OK will allow you to change the doses in the order to the maximum or a lower quantity

If you place 0 in the doses required column, the system will automatically round it up to 1

If you do not need the vaccine, keep the whole line blank.

It can be removed on the next page

The [View Order](#) page appears and allows you to review the vaccines and doses that will be ordered. To change required doses, update the number and click on the [Update Order](#) button. To add additional vaccines, click on the [Add Products](#) button, enter the required doses against the additional vaccine and click on the [View Order](#) button
