

Menopause Education Webinar for Clinicians

A case-by-case guide to managing menopause presentations, including complex cases and special considerations.

**MenoECHO hosted by Northern Sydney Local Health District
March 25th 2024, 6pm - 7pm**

Overview

The online education session will include a case study followed by short summary presentation.

In the upcoming education session we will discuss a patient with secondary amenorrhoea at an early age, including differential diagnosis, complications of pre-existing medical conditions and long term management in a forum of use to both specialists and family physicians

Audience

This free online event is aimed primarily at GPs, endocrinologists, gynaecologists, nurses and allied health professionals. **CPD will be available for the sessions. We hope to soon have RACGP and ACRRM accreditation.**

Expert Panel Members:

Dr Kath Whitton, Gynaecologist Royal North Shore Hospital

Dr Michele Kwik, Gynaecologist, Fertility Specialist, Royal North Shore Hospital

Dr Vijay Roach, Gynaecologist, Royal North Shore Hospital

Dr Lyndal Tacon, Endocrinologist, Royal North Shore Hospital
