Cultural Safety: Improving the health and wellbeing of Aboriginal people

Presenter

Donna Stanley

Executive Manager Aboriginal Health & Wellbeing, Western NSW Primary Health Network

Join us for an interactive education session focusing on **Aboriginal culturally** safe care. This activity will enhance understanding, respect and culturally responsive care to improve health outcomes for Aboriginal patients.

Two sessions are available for your practice team's convenience:

Afternoon Program for non-clinical staff

- 12.30pm Registration and lunch (provided)
- 12.55pm Welcome
- 1.00pm Education Session
- 2.30pm Let's talk
- 3.30pm Evaluation and close

Learning Outcomes

- Develop a deeper understanding of Aboriginal culture, histories and health perspectives
- Recognise and address unconscious bias and systemic barriers in health care
- Apply culturally safe communication strategies to reinforce trust and empower Aboriginal patients
- Implement practical approaches to create a culturally inclusive environment
- Identify practical strategies to engage with local Aboriginal communities and stakeholders to enhance patient care
