

Invitation to Eye care in-service for Primary health care workers: The Role of Primary Healthcare Workers in Eye Care

Dates:

Monday 3rd June, 12:00pm–4:30 pm

Tuesday 4th June, 9:30am – 1:00pm

Venue: Orange Aboriginal Medical Service

Includes: Vision screening kit

Pre Requisite: Primary Eye Checks Module, CPD accredited and freely available on Remote Area Health Corps (RAHC) eLearning website (2 hours to complete).

Content:

- Performing routine eye and vision checks, as per the MBS715
- Understanding eye care needs for people with diabetes and eye assessments for the Chronic Disease Management Plan
- Eye care referral pathways and case study examples
- Continuous quality improvement for eye care
- NSW subsidised spectacle scheme access

Participants will gain vision screening skills that will become part of their daily work practice.

Registration: Send the attached registration form to jhager@nswrdn.com.au, or fax to (02) 8337110 or call Jane on 02 8337 8100.

This training is sponsored by the Australian Government's Visiting Optometry Scheme & assisted by the Western NSW Eye Health Partnership, a Fred Hollows Foundation funded project.
