Common Problems in Gastroenterology and Hepatology

Presented by:

Dr Ted Stoklosa

FRACP, MBBS, MMed

Gastroenterologist and Hepatologist

This education session will explore common problems in gastroenterology and hepatology with a focus on abnormal liver enzymes, functional gastrointestinal disorders and identifying and treating patients with chronic liver disease. It will provide an understanding and suggested systematic approach to commonly seen issues in this field in a general practice setting. It will discuss practical issues including referral pathways and patient support.

Program

6.30pm Registration & Networking (*grazing platters/coffee/tea provided*)
6.50pm Welcome, Acknowledgement of Country & Introduction
6.55pm Local Service Profile (TBC)
7.00pm Education session
8.00pm Interactive group discussion / Q&A
8.25pm Evaluation
8.30pm Close

Learning outcomes

- Interpret, diagnose and triage issues associated with abnormal liver enzymes
- Identify and treat patients with chronic liver disease
- Provide an approach to patients with suspected functional gastrointestinal issues including Irritable Bowel Syndrome.
