# Asthma and COPD – They Do Overlap

## Presented By:

### Ceri Banks

Clinical Research Nurse Consultant (Respiratory)

*This 1 hour session provides an overview of asthma, COPD and identifies asthma-COPD overlap, including current evidence-based management using both the Australian Asthma Handbook and the COPD-X Guidelines. It includes diagnosis, management, medications and the importance of action plans for self-management is discussed.*

## Program

**7.30pm** Welcome, Acknowledgement of Country & Introduction

**7.35pm** Education session

**8.15pm** Q & A

**8.30pm** Evaluation & Close

*Note: Q&A time may be extended if there is a high level of audience engagement*

## Learning Outcomes

- Describe how to access the COPD-X and asthma management guidelines
- Identify the differential clinical features between asthma and COPD
- Summarise the current guidelines for medication management
- Summarise the importance of written action plans
