AUTISM SPECTRUM DISORDER AND THE CRC GUIDELINES

Presented by:
Dr Vanessa Sarkozy
Developmental Paediatrician

Autism Spectrum Disorder (ASD) is a common disorder. Presentation varies with age and comorbidities and assessment services are often limited with long waiting times. This education session will review the Autism Spectrum Disorder (ASD) diagnosis and management regarding the Australian Guidelines published in 2018. The role of the GP, Allied Health, Paediatricians and Diagnostic Assessment Services will be discussed in respect to a proposed alternate model including the use of telehealth to provide more timely diagnosis provided closer to home

Program

6.30pm Registration / light refreshments
6.55pm Welcome, Acknowledgement of Country & Introduction
7.00pm Education session
8.00pm Case study & interactive panel discussion / Q&A
8.25pm Evaluation
8.30pm Close

Learning outcomes

- Review ASD epidemiology, aetiology and diagnosis
- Explore CRC guidelines relevant to general practice in a rural setting
- Guide families through the diagnostic maze
- Identify the role of screening and surveillance in early diagnosis and intervention to promote better long-term health outcomes
