

Peer Group Learning Webinar Series - Mental Health

An Australian Government Initiative

Invitation

Peer Group Learning (PGL) activities are designed to maximise the benefits of working and learning together in a peer group educational setting. PGL utilises peer support, interaction and reflection to enhance participants' clinical competence, knowledge, skills, attitudes and performance. One PGL cycle commences with a planning meeting with all registered participants followed by at least 4 hours (minimum requirement) of education activity and concludes with a review meeting with all participants. The completion of one cycle of Peer Group Learning is worth 40 Accredited Activity CPD points.

Dr Neil Jeyasingam, visiting Psychiatrist with the LHD is keen to upskill GPs in the Far West region by conducting up to 10 one-hour webinar sessions on different topics surrounding Mental Health. Each session will contain a half hour didactic presentation and a half hour discussion and/or case studies. Dr Jeyasingam has suggested 10 topics for discussion, but these will be determined during the planning meeting with registered participants.

After the planning meeting sessions are planned for one hour each fortnight.

Date – Planning Meeting
24th August 2021

Time
6.55pm login for 7.00pm (CST)

Target audience
GPs and Registrars
