## Reproductive Health for Rural Women - New Developments in Contraception & Research on Managing Unintended Pregnancies

### Presented by:

#### **Professor Kirsten Black**

Academic Gynaecologist - University of Sydney  
Chair – RANZCOG Special Interest Group in Sexual and Reproductive Health

#### **Anna Noonan**

PhD Candidate, University of Sydney and SPHERE Centre for Research Excellence

Professor Kirsten Black will present an update on contraception including new options in oral contraceptive and new Long Acting Reversible Contraceptive methods. She will provide information on new guidance for implants and an update on contraceptive options in specific populations, such as women with obesity, post abortion and postpartum, trans and gender diverse people and perimenopausal women. Local researcher Anna Noonan will present an overview of her research into the experiences of rural women and rural primary healthcare providers in Western NSW in managing unintended pregnancies. Anna will also explain how GPs can join the study.

## Program

- 7.30pm** Welcome, Acknowledgement of Country & Introduction
- 7.35pm** Education sessions
- 8.15pm** Q&A
- 8.30pm** Evaluation & Close

*Note: Q&A time may be extended if there is a high level of audience engagement*

## Learning Outcomes

By the end of this webinar, attendees will be able to

- Outline the efficacy of long-acting reversible contraceptive methods
- Identify new contraceptive options, available now and in the near future
- Apply new guidance for contraceptive implant insertion
- Describe contraceptive provision in specific populations
