Professor Christine Jenkins

AM, MB.BS, MD, FRACP, FThorSoc

Christine is head of the Respiratory Group at The George institute for Global Health; Clinical Professor at Concord Clinical School and University of Sydney; and Professor of Respiratory Medicine at UNSW Sydney. She is a thoracic physician with a clinical and research focus on the management of airways disease. At The George Institute she supervises a research group and PhD students, implementing several trials in asthma, COPD and pulmonary rehabilitation in Australia, New Zealand and Asia. She is active in advocacy and leadership for lung health in Australia and has previously chaired the National Asthma Campaign, the TSANZ, the National Asthma Reference Group which advised government on asthma as a National Health Priority, the Respiratory Conditions Advisory Group of AIHW, and The Thoracic and Sleep Medicine Review of the MBS. She is the current chair of the Board of the Lung Foundation of Australia.
