## Improving Healthcare For People With Intellectual Disability - The Role of Primary Practice

### Presented by:

**Dr Yong Hee Kim**

Rehabilitation Specialist, Specialist Intellectual Disability  
Health Team

**Kelsie Davis**

Senior Speech Pathologist, Specialist Intellectual Disability  
Health Team

People with intellectual disability can experience multiple barriers to effective healthcare which often results in very high rates of emergency department presentation and longer hospital stays. This webinar will explore conditions commonly experienced by people with intellectual disability & how to screen for them; communication strategies to support health literacy; and how to refer to the Western NSW LHD Specialist Intellectual Disability Health Team.

### Program

- 7.00pm Welcome, Acknowledgement of Country & Introduction
- 7.05pm Education session
- 7.45pm Q&A
- 8.00pm Evaluation and Close

Note: Q&A time may be extended if there is a high level of audience engagement

### Learning Outcomes

1. Discuss the Specialist Intellectual Disability Health Team (SIDHT) and describe the criteria for referral to the team.
2. Recognise medical disorders associated with intellectual disability and discuss assessment and screening tools that can be used with people with intellectual disability
3. Apply health literacy techniques to support people with intellectual disability to understand health information.
