Invitation

Mini Learning Set for General Practice – Establishing a Vaccination Clinic for COVID-19 vaccine roll out

Join our Panel for an informative discussion on preparedness for the COVID -19 Vaccine rollout. We will discuss

- Logistics of setting up and managing your immunisation clinic
- Workforce preparation for Covid-19 vaccines
- Provide key resources and updates on the roll out
- MBS Billing and PIP Incentives
- Discuss ways to identify and engage your patients in the vaccination rollout
- Provide an overview and resources for a culturally safe approach for First Nations People
- Provide an overview of the digital technologies to support your clinic
- Discuss Adverse events following immunisation (AEFI) and reporting requirements
- Brainstorm ideas and trouble shoot with the panel and your colleagues

Facilitated by:

Tabitha Jones | Pharmacist | Western NSW PHN

Joined by the Panel:

Josh Costa | Primary Health Program Coordinator WNSWPHN

Michelle Droulers | Immunisation and Cancer Screening Coordinator WNSWPHN

Fallon Gray | Manager Practice Support and Improvement WNSWHN

Claire Trott | Manager Digital Health WNSWPHN
