WEBINAR

Prescribing medicinal cannabis in 2021

Presented by General Practitioner Dr. Tamara Nation

Dr. Tamara Nation

Dr Tamara Nation, Melbourne GP, has undertaken extensive training in cannabinoid medicine both nationally and internationally and is a member of the Society of Cannabis Clinicians. She was an early adopter of medicinal cannabis therapy for patients in Australia. This has enabled her to provide experienced and considered care for patients seeking medicinal cannabis for a range of illnesses.

Co-presenter: Barb Fullerton

Barb is the National Education Manager of Little Green Pharma, Australia's first producer and grower of medicinal cannabis. Barb will give an overview of the Australian medical cannabis industry, specifically the value of locally sourced and produced medicines.

The evening will cover:

-  Medicinal Cannabis – overview & evidence
-  Eligibility and prescribing process
-  Patient case studies
-  Q&A

Wednesday, 31 March 7.30pm AEST

(≈1 hour depending on Q&A) **RSVP MONDAY, 29 MARCH**
