cpd@wnswphn.org.au prior to the event*

Basic Cardiopulmonary Resuscitation (CPR) for General Practice

HLTAID009 – Provide CPR

Training Provider:

Royal Life Saving NSW

This course describes the skills and knowledge required to perform CPR in line with the Australian Resuscitation Council (ARC) Guidelines. All candidates are required to successfully complete a written and practical assessment (including performing at least two minutes of uninterrupted CPR on an infant and an adult resuscitation manikin, which will require kneeling on the floor).

Learning outcomes

- Respond to an emergency situation, identify and minimise hazards, assess the need for CPR and seek assistance from emergency response services
- Perform CPR, following DRSABCD, in accordance with ARC guidelines
- Communicate details of the incident to emergency response services to improve patient outcomes

REGISTRATION

Please register **by clicking the following link** and then **select the Dubbo session you want to attend** (morning or afternoon):

[CLICK HERE TO REGISTER](#)

Note: Please contact erica.gilbert@wnswphn.org.au if sessions are full and you will be added to a 'wait list'

- Once your payment has been confirmed your ticket will be dispatched by 123Tix via email. Please **print out your ticket** and keep it secure for **presentation at the door** on the day of training for scanning purposes
- Please bring your **Unique Student Identifier No.**
- A *Statement of Attainment* will be issued by Royal Life Saving Australia
- GPs and Registrars will receive an additional certificate, with accreditation details, from the WNSW PHN. Your attendance will also be recorded with the RACGP CPD and/or ACRRM PDP Programs.

Before attending a face-to-face workshop, please consider your health and the wellbeing of others. Please do not attend if you are feeling unwell or experiencing flu-like symptoms.
