Event Footage & Recordings

By attending this event, you agree to being filmed, and recorded by WNSW PHN and our identified event partner. Any recorded material may then be used for online, social media, marketing or promotional purposes. If you do not consent to your image(s) or voice being recorded or shared, please email cpd@wnswphn.org.au prior to the webinar

Terms & Conditions

- A minimum of 75% of the webinar must be completed to receive an event certificate for self-reporting CPD purposes and/or allocation of eligible RACGP points & ACRRM hours
- Email name, role, workplace and mobile number details of all attendees viewing webinar on the same device
- Complete and submit an evaluation for reporting and quality improvement purposes
- Please ensure this event suits your level of interest, experience and qualifications

Working with the Nephrologist: Stages 4 & 5 Chronic Kidney Disease (CKD)

Presented by:
Dr Jessica Conway
Nephrologist, Dubbo Health Service

Join Dr Jessica Conway as she presents this Kidney Health Australia (KHA) webinar and explores a case study outlining:

- *symptoms, management and treatment options in stages four and five of CKD*
- *a suitable management plan to slow the progression of CKD*
- *treatment options in kidney failure and when to refer to a Nephrologist.*

Program

7.00pm Welcome, Acknowledgement of Country & Introduction
7.05pm Education session & Q&A
8.15pm Evaluation & Close

Note: Q&A time may be extended if there is a high level of audience engagement

Learning outcomes

- Create a management plan to slow the progression of Chronic Kidney Disease (CKD) in the setting of diabetes
- Evaluate the need to refer to a Nephrologist
- Explain the onset of symptoms to progression of CKD and the need for management review
- Discuss kidney failure treatment options
