

**Pivoting to the perpetrator:
How to engage with patients who use domestic violence
Advanced Workshop
Wednesday 19th October 2022
7.00 - 8.30 pm AEST**

GP-led learning

"Implement responding sensitively and appropriately to disclosures of using violence"

"Practice strategies to help people who use domestic violence to seek help for their behaviour"

90 min workshop

- 90 minute interactive session for GPs and other primary care providers
- Enhance your confidence to safely identify and respond to people who use violence
- Panel of experts will discuss how to consider the whole family when working with people who use violence and how to access appropriate referral pathways

GPs attain 3 CPD points for attending this session and 2 CPD points for the pre-learning module
