Basic Cardiopulmonary Resuscitation (CPR) for General Practice

HLTAID009 – Provide Cardiopulmonary Resuscitation

Training Provider:

Royal Life Saving NSW

This interactive course describes the skills and knowledge required to perform basic cardiopulmonary resuscitation (CPR) in line with the Australian Resuscitation Council (ARC) Guidelines.

Learning outcomes

- Outline the main aims of first aid
- Perform Primary Survey, in a simulated situation, to assess danger, response, sending for help, airway, breathing, CPR and defibrillator use (DRSABCD)
- Perform CPR in accordance with current ARC guidelines
- Recognise when and how to use an automated external defibrillator

BATHURST CPR session [CLICK HERE](#)

DUBBO CPR session [CLICK HERE](#)

Note: Please contact cpd@wnswphn.org.au if your preferred session is FULL. You will be added to a 'Wait List' and notified if a cancellation arises

TERMS & CONDITIONS

- Please bring your **Unique Student Identifier No.** to the session (a requirement for assessment purposes)
- This course requires practical application of resuscitation and other practical scenarios that will require kneeling on the floor for at least 2 minutes. In order to achieve a Statement of Attainment, candidates must successfully complete the practical components under the Award conditions & a written assessment
- You are not required to present your ticket at this training session (a manual sign-in sheet will be available to record attendances)
- A Statement of Attainment will be issued to participants by Royal Life Saving
- GPs and Registrars will receive an additional certificate from the WNSW PHN with RACGP CPD and/or ACRRM PDP accreditation details and your attendance will be reported to the respective GP College[s]
- *Tickets are non-refundable, however, a registration interchange can be requested by emailing cpd@wnswphn.org.au in advance. All registration details must be correct on the night of training for certification purposes
