Cardiology Update

Presented by:

Dr Rajan Rehan

Consultant Cardiologist

Clinical Lecturer, University of Sydney Medical School, Visiting Cardiologist, Dubbo Medical & Allied Health Group

Dr Karan Rao

Consultant Cardiologist

Clinical Lecturer, University of Sydney Medical School, Visiting Cardiologist, Dubbo Medical & Allied Health Group

Discover the latest advancements in cardiac diagnostics as we embark on a thought-provoking journey through modern techniques. Then prepare to be introduced to a fascinating and often overlooked paradigm in Cardiology: Ischemia with No Obstructive Coronary Arteries (INOCA).

Program

6.30pm Registration, networking and light refreshments

6.55pm Welcome, Acknowledgement of Country & Introduction

7.00pm **Education session: Advancing Heart Health:
Exploring Modern Cardiac Diagnostics**

7.30pm Q&A

7.40pm **Education session: Unveiling the Enigma:
Ischemia with No Obstructive Coronary Arteries**

8.20pm Q&A

8.30pm Evaluation and Close

Learning outcomes

- Discuss the advancements in modern cardiac diagnostic tests and their role in improving patient care and outcomes
- Explore the concept of Ischemia with No Obstructive Coronary Arteries (INOCA) including its prevalence, diagnostic challenges, and potential implications for patient management
- Recognise the importance of considering INOCA as a differential diagnosis in patients presenting with symptoms of ischemia and discuss potential approaches for the evaluation and management of these patients
