Breast, Endocrine & Soft Tissue Tumours: Less is More

Presented by

Dr Jared Chang

Breast, Endocrine and General Surgeon

This education session will provide GPs with an update on the multidisciplinary approach to breast cancer, melanoma and soft tissue tumours/sarcoma and an opportunity to expand knowledge regarding neoadjuvant treatment options. GPs will consolidate their approach to work-up in the community of breast symptoms and pigmented skin lesions and will discuss shared cancer follow-up care.

Program

6.30pm Registration, networking and light refreshments
6.55pm Welcome, Acknowledgement of Country & Introduction
7.00pm Education session
8.00pm Interactive discussion / Q&A
8.25pm Evaluation
8.30pm Close

Learning outcomes

- Discuss best-practice multi-disciplinary approach to managing early-stage breast cancer
- Describe how to work-up melanomas and identify when a referral is required for Specialist treatment
- Discuss extremity soft tissue tumours and surgical options to preserve function
