

Mudgee Medico Masterclass

Invitation

Hypertension: Such an exciting topic it elevates my blood pressure!

This education session will be a case-based, best-practice exploration of how to measure blood pressure; agents for blood pressure; signs that there may be a secondary cause for high blood pressure; and best work-up, latest evidence and management of secondary causes.

Presented by: Dr James Collett, Renal Physician

Date: Thursday, 25 July 2019

Time: 6.30pm to 8.30pm

Location: Mudgee Medical Centre, Mudgee

Target Audience: GPs, Registrars and Medical Students

Program:
6.30pm - Registration/Light Refreshments (provided)
6.55pm - Welcome
7.00pm - Education Presentation & Case Study Discussion
8.00pm - Interactive Discussion/Q&A
8.30pm - Evaluation and Close

Learning Outcomes:

- Define blood pressure targets, have a reproducible way of measuring blood pressure, and have a logical, stepped approach to pharmacological management of hypertension
- Recognise red flags for secondary causes of hypertension
- Discuss the latest evidence guiding treatment in the different causes of secondary hypertension and develop an approach to appropriate work-up and referral
- Follow guidelines for blood pressure control and their role in reducing burden of disease in the community

RSVP Date: 17 July 2019
