WESTERN NSW

An Australian Government Initiative

An introduction to research methods & project development workshop

The purpose of this one-day interactive workshop conducted by the University of Sydney, School of Rural Health, is to provide general practice clinicians and other key health service providers with a foundation in research methods and an opportunity to explore and develop a potential health service related research project with assistance from research academics.

Presented by:

A/Professor Tony Brown, A/Professor Catherine Hawke, Dr Georgina Luscombe & Dr Emma Webster

- Date:** Saturday, 3 March 2018
- Time:** 8.45am to 5.00pm
- Location:** School of Rural Health – The University of Sydney
Dubbo Campus: 11 Moran Drive, Dubbo
Orange Campus: Cnr Acacia Way & Canobolas Drive, Bloomfield Campus (*map available if required*)
(VC connection between the two sites will be co-led by academics at both sites)
- Target Audience:** GPs, Registrars, Nurses, Pharmacists, Medical Students, Specialists, Allied Health Professionals and other interested health professionals
- Pre-reading:** 2 articles & develop a one-page outline for a research idea you have (emailed in advance)
- Program:**
- 8.45am** Registration and coffee
 - 9.00am** Introduction to research and generating a research question
 - 9.45am** Quantitative methods
 - 10.30am** Morning tea (*provided*)
 - 10.45am** Quantitative methods
 - 11.45am** Qualitative methods
 - 12.30pm** Lunch (*provided*)
 - 1.00pm** Qualitative methods
 - 1.30pm** Critical review of the literature (one qualitative and one quantitative paper)
 - 2.20pm** Finding relevant literature (limiting to databases GPs have access to)
 - 2.45pm** Afternoon tea (*provided*)
 - 3.00pm** Project development session
 - 3.30pm** Proposal presentation - 5 mins each candidate (*audience provides written feedback for presenters*)
 - 4.00pm** Discussion of feedback and identification of issues still to resolve
 - 4.30pm** Research ethics and research protocols
Applying for research funding & other practicalities of juggling research and other responsibilities
 - 5.00pm** Evaluation and Close
- Learning Outcomes:**
- Consider key elements in generating a research question
 - Recognise some of the core concepts in quantitative and qualitative research
 - Undertake critical review of a qualitative or a quantitative paper
 - Consider which study design and approach might best suit your proposed project
 - Consider patient safety and research ethics in the development of your research protocol
- RSVP Date:** 22 February 2018
- Registrations:** Note: There is a requirement for a **minimum of 6** and **maximum of 16** participants/site
- Online Registration:** <https://www.wnswphn.org.au/events/event-registration?eventid=383>
- Further information:** Kathleen Ryan t 6813 0920 e kathleen.ryan@wnswphn.org.au w www.wnswphn.org.au

Approval for ACRRM PDP points will be applied for as required
