

Spirometry training course

Brought to you by the National Asthma Council as part of the Asthma Best Practice for Health Professionals Program

The Western NSW PHN is pleased to partner with the National Asthma Council Australia to deliver comprehensive training in the application, measurement and interpretation of expiratory spirometry in general practice. This 6-hour interactive workshop includes hands-on components to allow participants to apply their new knowledge in a practical setting.

Presented by: Phil Munoz | Leanne Rodwell | Pip Southwell

- Date:** Thursday 31st October 2019 Orange
- Time:** 8.30am to 4.00pm
