Information Session – Prostate Cancer Coordinated Care Model

What is TrueNTH?

TrueNTH is an outreach service supporting men with prostate cancer and the people with whom they share their lives. This is made possible by the Movember Foundation.

TrueNTH aims to help men with prostate cancer where local services are not readily available by connecting them with expert support services via telehealth, telephone and online services.

The TrueNTH clinicians include:

- Prostate Cancer Nurse Specialists (Care Coordinators)
- Dieticians
- Exercise Physiologists
- Relationship Counsellors
- Continence Nurses
- Psychiatrists and Psychologists

What does it cost?

TrueNTH is free of charge to patients; Medicare refunds service costs or Movember funded staff provide the service.
