Dear Western NSW GPs

I would like to invite you to this educational event sponsored by GSK at Taronga Western Plains Zoo from 6:30pm on the 17th July 2019. I will be talking about COPD diagnosis and management in the community along with sharing information on Dubbo's first Lung Cancer Screening trial.

Given the high COPD burden in Dubbo, I am currently in the process of establishing a novel COPD working group. The focus of the group is to align and synergize respiratory management for our patients and I would like to engage your involvement in this new model of care. This will be an informative and interactive session with ample opportunity for Q&A and would value feedback on the services available locally.

Regards

**Dr Sugamya Mallawathantri**  
**Staff Specialist – Respiratory Physician**
