

‘My Health Record in Pharmacy’ Workshop

This workshop will introduce the My Health Record system and explore its features and functionalities, and benefits and uses, as they relate to pharmacy practice. The workshop will prepare participants to engage with the system and integrate it with their clinical workflow.

Presented By

Donna Sedgman PHN Education and Support Lead – Education and Adoption, Australian Digital Health Agency

Learning Outcomes

- List the features and benefits of My Health Record in pharmacy practices
- Describe how to communicate the benefits of the My Health Record system to patients
- Describe the privacy and security measures taken to protect My Health Record and how to discuss privacy concerns
- Describe how more comprehensive clinical information (access via My Health Record) can contribute to patient care.
