No Cost (registration essential - see below)

Register early as places are limited and will fill quickly. To register - Go to <u>https://www.benchmarqueiq.com.au/course-</u> <u>enrolment/1066854</u>

The Otitis Media Management Program is designed to develop the knowledge and skills required for a range of health professionals and others working within Aboriginal and/or Torres Strait Islander Health to safely assess the aural health of individuals and implement best practice management guidelines.

Using as its foundation the 'Recommendations for Clinical Care Guidelines on the Management of Otitis Media in Aboriginal and/or Torres Strait Islander Populations', the course enables students to provide client-centred education, health promotion and the provision of basic care and advice in relation to the management of otitis media.

The one-day workshop includes lecture and practical workshop activities involving condition recognition, ear health assessment, otoscopy and digital video otoscopy, as well as a range of basic, point-of-care hearing assessments.

Program delivery and assessment for the Otitis Media Management Program includes a one-day face-to-face workshop, inclass activities assessed by facilitator and an online assessment completed via Benchmarque**IQ**.

For more information, please visit www.benchmarquegroup.com.au and choose 'Otitis Media Management Program' from the drop down menu. To register, please follow the link above.
